

Dear Parents/Carers

As part of our Careers support programme, all of our Y11 students will be offered an interview with the Careers Advisor, Michelle Powell. This will allow the students to seek advice on what they want to do when they leave school, how to apply for college places and any other advice they need regarding next steps.

All interviews will be offered in school via Teams and I will organise dates and times with the students and then let you know. We aim to start the first interviews on Monday 23rd November. Each interview will last up to 40 minutes, following which Michelle will produce a Careers Plan for each student. This will then be emailed to the student's email address. I will then make you aware of this via text so that you can look at the plan yourself.

Michelle is happy for parents to contact her, should they need to. Her email address is mpowell@ideas4careers.co.uk.

If you have any questions or concerns then please contact me (Miss Taplin) in the first instance.

Kind regards

Miss T Taplin
Head of Year 11
