

Making sense of autism

raising awareness

Free online training for parents and carers of autistic children (no diagnosis necessary) to refresh and reframe your understanding of autism

This training has been delivered by Nottinghamshire County Council's Communication and Interaction Team to the majority of mainstream schools in Mansfield to update their staff's understanding of autism. This is a chance for parents and carers in Mansfield to hear these same positive messages, so that everyone can work together to better support your child.

What will you learn?

- The importance of everyone involved with your child having the same understanding of them, their profile of strengths and the areas they want to develop
- Key ways to help build positive relationships between autistic people and non-autistic people
- An understanding of the sensory and communication differences autistic children may experience
- Insights and experiences from autistic people

When is the online training?

The same two hour online training session will run twice at **10.00am** and **4.00pm** on **Monday 23 May 2022**.

How do you book your place?

Click here to book your **free place** on Session 1 (10.00am - 12.00pm) or visit:
