Dear Parent/Carer,

At Meden, we are always seeking opportunities to further improve our practice as a school. One area in which we aim to do this is via parental feedback. Previous Parental engagement questionnaires have proven very useful and have allowed us to review our way of working and improve our practices so that we can work effectively with our Meden families to support our young people.

We really value parental feedback at Meden School and consider it a vital medium for further improvement. Please support us by completing a short survey. We can promise you that every single response is anonymous — we are using an external company to run this survey for us.

To complete the short survey, please click on the following link and **complete by 11th July**

A link will also be placed on our website and sent to you via email.

Remember, you have the power to work with us to shape how we work and respond to community need. So, make sure your voice is heard!

Kind regards

Mr J Smith
