Introduction

Bullying is unacceptable anti-social behaviour which affects everyone in the community. At Meden School, we try to promote respect and care for one another; but there is always a risk that bullying will occur in any institution. The aim of the School's Anti-Bullying Policy is therefore to foster a supportive, caring and safe environment in which pupils and indeed staff can live and learn without fear of being bullied, and thus be able fully to benefit from the opportunities available at the School. To this end, it will be made quite clear to the whole community of pupils, staff and parents that bullying is unacceptable at Meden School and that any instance of it will be treated as a serious disciplinary matter, investigated and punished appropriately.

This policy outlines what Meden School will do to prevent and tackle all forms of bullying. The policy has been adopted with the involvement of the whole school community.

Head Teachers have a legal duty under the Education and Inspections Act (2006) to draw up procedures to promote good behaviour and prevent bullying and to bring these procedures to the attention of staff, parents and pupils. This policy has regard to this legislation, and to the DfE Guidance *Preventing and tackling bullying (July 2017)*.

There are several pieces of legislation which set out measures and actions for schools in response to bullying, as well as criminal and civil law. These may include (but are not limited to):

- The Education and Inspection Act 2006, 2011
- The Equality Act 2010
- The Children Act 1989
- The Education (Independent School Standards) Regulations 2015 (if appropriate)
- Protection from Harassment Act 1997
- The Malicious Communications Act 1988
- Public Order Act 1986

What is bullying behaviour?

Bullying can be defined as "behaviour by an individual or a group, repeated over time that intentionally hurts another individual either physically or emotionally". (DfE "Preventing and Tackling Bullying", July 2017)

Bullying can include name calling, taunting, mocking, making offensive comments; kicking; hitting; taking belongings; producing offensive graffiti; gossiping; excluding people from groups and spreading hurtful and untruthful rumours.

This includes the same unacceptable behaviours expressed online, sometimes called online or cyberbullying. This can include: sending offensive, upsetting and inappropriate messages by phone, text, instant messenger, through gaming, websites, social media sites and apps, and sending offensive or degrading photos or videos.

Bullying is recognised by the school as being a form of peer on peer abuse. It can be emotionally abusive and can cause severe and adverse effects on children's emotional development.

Examples of bullying may include:

Bullying can happen to anyone. This policy covers all types and forms of bullying including:

- Bullying related to physical appearance
- Bullying of young carers, children in care or otherwise related to home circumstances
- Bullying related to physical/mental health conditions
- Physical bullying
- Emotional bullying
- Sexual bullying
- Bullying via technology, known as online or cyberbullying
- Prejudicial bullying (against people/pupils with protected characteristics):
- Bullying related to race, religion, faith and belief and for those without faith
- Bullying related to ethnicity, nationality or culture
- Bullying related to Special Educational Needs or Disability (SEND)
- Bullying related to sexual orientation (homophobic/biphobic bullying)
- Gender based bullying, including transphobic bullying
- Bullying against teenage parents (pregnancy and maternity under the Equality Act)

Bullying impacts on the attendance and attainment at school of those who suffer from it and can have a life-long negative impact on some young people's lives. Bullying can cause psychological damage and at worst has been a factor in pupil suicide. In this light, although bullying is not a specific criminal offence, there are criminal laws which apply to assault, harassment and threatening behaviour – including over the internet.

School Ethos

The School makes clear its zero-tolerance of bullying in a number of ways. It is embedded in the School's culture, which is discussed – along with a raft of other anti-bullying material – with all new pupils as part of the Personal Development curriculum. In addition, all staff (e.g. via regular Safeguarding INSET and briefings) to remain vigilant.

The national 'Anti-Bullying Week' is a useful opportunity to reinforce this message.

The intention is that a culture is fostered amongst pupils which deters silence or by-standing in the face of bullying. On the contrary, we seek to promote a culture in which both the target and anyone else who hears of an incident are prepared to "tell". We will embed that culture by constantly reiterating that helping one's peers and friends is a positive action.

Teachers must always be prepared to check bad behaviour, as this can lead to bullying, and report patterns of behaviour, as this may indicate bullying. Teachers are expected to arrive in good time for class; to be a vigilant presence around School; and to report anything they feel concerned about to the DSL Team through the Meden Safeguarding App.

By effectively preventing and tackling bullying our school can help to create a safe and disciplined environment, where pupils are able to learn and fulfil their potential.

Our Community:

- Monitors and reviews our anti-bullying policy and practice on a regular basis.
- Supports staff to promote positive relationships to help prevent bullying.
- Recognises that some members of our community may be more vulnerable to bullying and its impact than others; this may include children with SEND. Being aware of this will help us to develop effective strategies to prevent bullying from happening and provide appropriate support, if required.
- Will intervene by identifying and tackling bullying behaviour appropriately and promptly.
- Ensures our pupils are aware that bullying concerns will be dealt with sensitively and effectively; that everyone should feel safe to learn and abide by the anti-bullying policy.
- Requires all members of the community to work with the school to uphold the anti-bullying policy.
- Recognises the potential impact of bullying on the wider family of those affected so will work in partnership with parents/carers regarding all reported bullying concerns and will seek to keep them informed at all stages.
- Will deal promptly with grievances regarding the school response to bullying in line with our complaints policy
- Seeks to learn from good anti-bullying practice elsewhere.
- Utilises support from the Local Authority and other relevant organisations when appropriate.

The role of the community in responding bullying

Staff, pupils and parents all have a role to play in addressing instances of bullying.

The following steps may be taken when dealing with all incidents of bullying reported to the school:

- If bullying is suspected or reported, the incident will be dealt with immediately by the member of staff who has been approached or witnessed the concern.
- The school will provide appropriate support for the person being bullied – making sure they are not at risk of immediate harm and will involve them in any decision-making, as appropriate.
- The Designated Safeguarding Lead (DSL) or another member of the DSL Team will interview all parties involved.
- The DSL will be informed of all bullying issues where there are safeguarding concerns.
- The school will speak with and inform other staff members, where appropriate.
- The school will ensure parents/carers are kept informed about the concern and action taken, as appropriate and in line with child protection and confidentiality policies.
- Sanctions, as identified within the school behaviour policy, and support will be implemented in consultation with all parties concerned.
- If necessary, other agencies may be consulted or involved, such as the police, if a criminal offence has been committed, or other local services including early help or children's social care, if a child is felt to be at risk of significant harm.
- Where the bullying of or by pupils takes place off school site or outside of normal school hours (including cyberbullying), the school will ensure that the concern is fully investigated. If required, the DSL will collaborate with other schools. Appropriate action will be taken, including providing support and implementing sanctions in school in accordance with this policy and the school's behaviour policy.
- A clear and precise account of bullying incidents will be recorded by the school in accordance with existing procedures. This will include recording appropriate details regarding decisions and action taken.

Cyberbullying

When responding to cyberbullying concerns, the school will:

- Act as soon as an incident has been reported or identified.
- Provide appropriate support for the person who has been cyberbullied and work with the person who has carried out the bullying to ensure that it does not happen again.
- Encourage the person being bullied to keep any evidence (screenshots) of the bullying activity to assist any investigation.
- Take all available steps where possible to identify the person responsible. This may include:
 - Looking at use of the school systems;
 - Identifying and interviewing possible witnesses;
 - Contacting the service provider and the police, if necessary.
- Work with the individuals and online service providers to prevent the incident from spreading and assist in removing offensive or upsetting material from circulation. This may include:
- Support reports to a service provider to remove content if those involved are unable to be identified or if those involved refuse to or are unable to delete content.
- Confiscating and searching pupils' electronic devices, such as mobile phones, in accordance with the law and the school searching and confiscation policy. (Note: Schools should ensure they access the DfE 'Searching, screening and confiscation at school' to ensure that the school's powers are used proportionately and lawfully.
- Requesting the deletion of locally-held content and content posted online if they contravene school behavioural policies.
- Ensure that sanctions are applied to the person responsible for the cyberbullying; the school will take steps to change the attitude and behaviour of the bully, as well as ensuring access to any additional help that they may need.
- Inform the police if a criminal offence has been committed.
- Provide information to staff and pupils regarding steps they can take to protect themselves online. This may include:
 - advising those targeted not to retaliate or reply;
 - providing advice on blocking or removing people from contact lists;
 - helping those involved to think carefully about what private information they may have in the public domain.

Supporting Pupils

Staff at Meden School will offer an immediate opportunity to the pupil to discuss things in a calm, supportive atmosphere in which their concerns will be taken seriously.

They will listen carefully to the pupil's account, and if possible, take a written note of the conversation. Referrals will be made using the Meden Safeguarding App and any notes will be kept and handed to a member of the DSL Team.

Pupils who have been bullied will be supported by:

- Reassuring the pupil and providing continuous pastoral support.
- Offering an immediate opportunity to discuss the experience with their teacher, the designated safeguarding lead, DSL Team Member, or a member of staff of their choice.
- Being advised to keep a record of the bullying as evidence and discuss how to respond to concerns and build resilience as appropriate.
- Working towards restoring self-esteem and confidence.
- Providing ongoing support; this may include: working and speaking with staff, offering formal counselling, engaging with parents and carers.
- Where necessary, working with the wider community and local/national organisations to provide further or specialist advice and guidance; this could include support through Early Help or Children Social Work Service, or support through a relevant external counselling or support service.

Pupils who have perpetrated bullying will be helped by:

- Discussing what happened, establishing the concern and the need to change.
- Informing parents/carers to help change the attitude and behaviour of the child.
- Providing appropriate education and support regarding their behaviour or actions.
- If online, requesting that content be removed and reporting accounts/content to service provider.
- Sanctioning, in line with school behaviour policy; this may include official warnings, detentions, Main School Isolation, ALTEX, removal of privileges (including online access when encountering cyberbullying concerns), and fixed-term or permanent exclusions.
- Where necessary, working with the wider community and local/national organisations to provide further or specialist advice and guidance; this may include involvement from the Police or referrals to Early Help, Children Social Work Service, or any relevant external counselling or support.

Supporting adults

- Our school takes measures to prevent and tackle bullying among pupils; however, it is equally important to recognise that bullying of adults, including staff and parents, whether by pupils, parents or other staff members, is unacceptable.
- Adults who have been bullied or affected will be supported by:
 - Offering an immediate opportunity to discuss the concern with the designated safeguarding lead, a senior member of staff and/or the headteacher.
 - Advising them to keep a record of the bullying as evidence and discuss how to respond to concerns and build resilience, as appropriate.
 - Where the bullying takes place off school site or outside of normal school hours (including online), the school will still investigate the concern and ensure that appropriate action is taken in accordance with the schools' behaviour and discipline policy.
 - Reporting offensive or upsetting content and/or accounts to the service provider, where the bullying has occurred online.
 - Reassuring and offering appropriate support.
 - Working with the wider community and local/national organisations to provide further or specialist advice and guidance.
- Adults who have perpetrated the bullying will be helped by:
 - Discussing what happened with a senior member of staff and/or the headteacher to establish the concern.
 - Establishing whether a legitimate grievance or concern has been raised and signposting to the school's official complaints procedures.
 - If online, requesting that content be removed.
 - Instigating disciplinary, civil or legal action as appropriate or required.

What is the procedure for tackling bullying where it is discovered?

If a student discloses a concern about bullying of any sort the member of staff will take it seriously and will listen to the student to ensure their voice is heard and they are reassured. The teacher will not pass judgment and will not pass off complaints as banter.

Any concerns of bullying must be recorded on the Meden Safeguarding App. A member of the DSL Team will then investigate the report further and consult with the Snr. DSL on further actions that are needed.

Record-keeping and reporting

All records will be stored electronically on the Meden Safeguarding App. This is a secure, password protected app that enables Meden staff to build an effective record and chronology of any incidents within the school.

The Snr DSL will meet the Dep DSL and SENDCO to review the records and ensure cases are handled effectively. The Snr. DSL will produce weekly and termly reports for the Headteacher and SLT to enable them to track and analyse patterns of behaviour.

Preventing Bullying

Environment

The whole school community will:

- Create and support an inclusive environment which promotes a culture of mutual respect, consideration and care for others, which will be upheld by all.
- Recognise that bullying can be perpetrated or experienced by any member of the community, including adults and children (peer on peer abuse).
- Recognises the potential for children with SEND and disabilities to be disproportionately impacted by bullying and will implement additional pastoral support as required.
- Openly discuss differences between people that could motivate bullying, such as: children with different family situations, such as looked after children or those with caring responsibilities, religion, ethnicity, disability, gender, sexuality or appearance related difference.
- Challenge practice and language (including 'banter') which does not uphold the school values of tolerance, non-discrimination and respect towards others.
- Be encouraged to use technology, especially mobile phones and social media, positively and responsibly.
- Work with staff, the wider community and outside agencies to prevent and tackle concerns including all forms of prejudice-driven bullying.
- Actively create "safe spaces" for vulnerable children and young people.
- Celebrate success and achievements to promote and build a positive school ethos.

Policy and Support

The whole school community will:

- Provide a range of approaches for pupils, staff and parents/carers to access support and report concerns.
- Regularly update and evaluate our practice to consider the developments of technology and provide up-to-date advice and education to all members of the community regarding positive online behaviour.
- Take appropriate, proportionate and reasonable action, in line with existing school policies, for any bullying brought to the schools' attention, which involves or affects pupils, even when they are not on school premises; for example, when using school transport or online, etc.
- Implement appropriate disciplinary sanctions; the consequences of bullying will reflect the seriousness of the incident, so that others see that bullying is unacceptable.
- Use a variety of techniques to resolve the issues between those who bully, and those who have been bullied.

Education and Training

The school community will:

- Train all staff, including: teaching staff, support staff (e.g. administration staff, lunchtime support staff and site support staff) and pastoral staff, to identify all forms of bullying and take appropriate action, following the school's policy and procedures, including recording and reporting incidents.
- Consider a range of opportunities and approaches for addressing bullying throughout the curriculum and other activities, such as: through displays, assemblies, peer support, the school/student council, etc.
- Collaborate with other local educational settings as appropriate, and during key times of the year, for example during transition.
- Ensure anti-bullying has a high profile throughout the year, reinforced through key opportunities such as anti-bullying week
- Provide systematic opportunities to develop pupils' social and emotional skills, including building their resilience and self-esteem.

Involvement of pupils

We will:

- Regularly canvas children and young people's views on the extent and nature of bullying.
- Ensure that all pupils know how to express worries and anxieties about bullying.
- Ensure that all pupils are aware of the range of sanctions which may be applied against those engaging in bullying.
- Involve pupils in anti-bullying campaigns in schools and embedded messages in the wider school curriculum.
- Utilise pupil voice in providing pupil led education and support
- Publicise the details of internal support, as well as external helplines and websites.
- Offer support to pupils who have been bullied and to those who are bullying to address the problems they have.

Involvement of parents/carers

We will:

- Ensure parents/carers are aware that the school does not tolerate any form of bullying.
- Make sure that key information about bullying (including policies and named points of contact) is available to parents/carers in a variety of formats, including via the school website
- Ensure all parents/carers know who to contact if they are worried about bullying and where to access independent advice.
- Work with all parents/carers and the local community to address issues beyond the school gates that give rise to bullying.
- Ensure that parents work with the school to role model positive behaviour for pupils, both on and offline.
- Ensure all parents/carers know about our complaints procedure and how to use it effectively, to raise concerns in an appropriate manner.
